EDUCATION

College

Manipal Institute Of Technology

08/2019 - Present

8.48

Courses

- B Tech in Computer Science

School (I-X)

Gokuldharm High School

2007 - 2017

93.8 percent X ICSE

High School (XI & XII)

Vagad Pace Global School

2017 - 2019

87 percent XII CBSE

WORK EXPERIENCE

Cloud Solutions Intern

LDS Infotech

07/2021 - 08/2021

Mumbai

Achievements/Tasks

- Initially, I gained a basic understanding about the different types of cloud services and then delved into the services offered by AWS and Azure, albeit having more hands on experience with AWS services and their deployment.
- After gaining an adequate amount of experience, I took part in the meetings with our clients where we were responsible to understand the client's requirements and suggest appropriate cost-effective solutions for the deployment of their infrastructure on cloud.

SKILLS

Database-MySQL,MongoDB

C/C++

Web Development:Javascript,HTML,CSS

ReactJS

Python

SvelteJS

PERSONAL PROJECTS

YelpCamp

- Implemented a web application which accepts new camp entries, displays them all on the home page, along with individual pages for each campground.(basic CRUD operations)
- Hosted on: <https://project-campgrounds.herokuapp.com/>
- Tech stack- HTML,CSS,Javascript,MongoDB,Node,Express,Mongoose.

Blogmania

- A blog web application where users can create an account ,create and publish their blogs which can be viewed and commented on by other users.
- Hosted on: <https://aryan7901.github.io/myblog/>
- Tech stack- HTML,CSS,Javascript,React,MongoDB,Node,Express,Mongoose.

Next Events

- A web application that shows nearby events and featured events.
- Hosted on: <https://next-events-nu.vercel.app/>
- Tech stack- HTML,CSS,MaterialUI,Javascript,React,NextJS,MongoDB.

Sorting Visualiser

- A web app that visualises how different sorting algorithms work.
- Hosted on: <https://sorting-visualizer-kappa.vercel.app/>
- Tech stack-HTML,CSS,Javascript,SvelteJS

Monsters Rolodex

- A mini project in React where all the monsters (fetched from an api) whose name matched the characters in the input field would be displayed.
- Hosted on: <https://aryan7901.github.io/monsters-rolodex/>

Chat App

- A messaging app built using React and socket.io CSS Framework:tailwind css
- Hosted on: <https://aryan7901.github.io/chat-app>

INTERESTS

I am passionate about dramatics and theatre.Have bagged 1st place in streetplay categories at VIT Chennai 2020 ,Mood Indigo 2022(IIT Bombay) and 2nd place at MIT Revels 2022. Have won 1st place in centerstage at MIT Revels 2020

I regularly follow developments in smartphone technology
